

## Simmonds Spartan aircraft(all types)

There are a number of gaps in the known histories of Simmonds Spartan aircraft as well as a few anomalies.

The ultimate fates of most of those listed below are unknown...any help very welcome.

There are also ten c/ns for which no information is available. Were these built - if so what happened to them?

A possibility is that some were exported to the USA .An early issue of Flight - reporting on the "new" Simmonds aircraft ,

inferred that there was considerable interest in the USA , yet only one US registration has ever come to light.
